Mr W^m Brewster
Cambridge, Mass.

Dear Sir, It is my intention to make it a specialty of my business, to obtain rare eggs for advanced collectors at a very low price, & will be glad to have you send me a complete list of your wants, and whenever I obtain any thing on your list, will lay it aside, notify you, stating my lowest selling price, and it will then be optional with you to order or not as you please. The pub. of my magazine brings me in a large correspondence from all over the U. S. & Canada, offering rare eggs etc, for sale and exchange and I'm sure I can obtain many desirable eggs for you in this way that would be hard for you to get otherwise. Please let me know if you can use any of the following sets at 1/3 F. B. Webster prices - A. O. U. Nos. - 337b 1/2, 342 2/3, 373c 2/3 3/4, ~~387~~ 430 1/2 1/2, 476 4/7, 474f 4/3, 482 1/3, 486 1/3, 573 1/3, 574 3/4, 590 1/3, 591 1/2, 620 1/3 3/4, 627a 1/2, 633a 1/2,

Arizona Hooded Orioles were here last Spring in greater numbers than I ever knew them to be before, and several nice sets with data were brought to me, and for a short time only, I will sell fine sets of 4 eggs each at the very low price of \$1.00 per set, \$2.00 per egg is the lowest price I ever knew any prominent dealer to offer them at. Many prominent Orn & Col have been by customers during the past few years, and I believe to their entire satisfaction, among them I might name J. Parker Morris, A. A. Eddy, Thos. H. Jackson, Harry G. Parker, 'Sam'l B. Ladd, Josiah Harper, C. W. Chamberlain, Ches. E. Doe, Wm. A. Brown & numerous others.

Sincerely Yours

E. M. Haight
